GABRIELA LEÓN

MULTIMEDIA ENGINEER | WORDPRESS WEB DEVELOPER

gabrielasofialeon@gmail.com (+57) 3156355990 Bogotá, CO Portfolio

ABOUT ME

Multimedia Engineer with 3 years of experience developing and managing WordPress websites. I combine technical skills in HTML, CSS, and JavaScript with a strong design foundation and Figma expertise to create functional, responsive, and visually appealing landing pages.
Experienced in CMS management, performance optimization, and frontend customization.

PROFESSIONAL EXPERIENCE

Webmaster - Wordpress Developer Ariadna | 2024 - 2026

Managed a large-scale corporate website built with WordPress and Elementor, ensuring continuous updates, stability, and reliable day-to-day performance. Drove significant UX and design improvements that reduced bounce rates and increased average session duration. Built landing pages for campaigns and products, optimized website performance, and created interactive experiences by integrating WordPress with frontend development to deliver customized solutions.

Key tools: WordPress, Elementor, HTML, CSS, JavaScript, Figma, Google Analytics, On-Page SEO.

Web Designer & Frontend Developer Mercadeo Superior | 2023 - 2024

Designed and developed websites for various clients, managing and optimizing WordPress pages (Elementor / WP Bakery) and other CMS platforms such as Wix. Performed frontend adjustments, performance improvements, and created graphic assets for digital campaigns. Supported content strategies with basic SEO practices.

Key tools: WordPress, Elementor, WP bakery, Wix, Figma, Adobe Suite, HTML, CSS.
